Bo-taoshi

the Japanese sport of pole toppling 2-player dexterity micro game based on

Components

6 discs - 3 each of 2 colors

1 ramp 2 poles

Goal

row wins the game. a point; the first player to score twice in a opponent's pole via air-borne strike scores The first player to directly topple their

Setup

- Set ramp and poles aside
- Players choose disc colors and collect takes the first turn their 3 matching discs; white discs
- Note that the starting player alternates each round

- Players take turns flicking their discs into play from the edge of the table (or play surtace)
- is extending over the edge of the table Discs start so that at least some portion
- Knocking another disc off the table during setup allows the other player to place the disc wherever they would like
- The 3rd disc to enter play for each duration of the round player is their pole-bearer for the
- Once it enters play place a pole on top of the disc; it cannot be flicked
- during setup simply put the pole back knock over the white player's pole Should the black player's pole-bearer

Game Play

observing the following limitations in Players take turns flicking 1 of their discs

1. If the player's pole-bearer was knocked off the table they must spend their turn

> their pole on top to flick it back on to the table and place

> > If the ramp will not fit between the 2

discs a score shot cannot be made

- 2. If the player's pole was knocked over back on top of their pole-bearer they must spend their turn putting it
- 3. If the player's previous shot was a foul they skip their turn as penalty

If the disc touches the table before

down the pole while still air-borne

attempt to travel up the ramp and knock The further disc is then flicked in an

striking the pole or the pole does not

fall the ramp is removed and play

continues normally

- 5. If the disc to be flicked was knocked off 4. The same disc cannot be flicked 2 turns the table it enters play from the edge of in a row; note that the previous 3 limitations clear this limit
- 6. If both of the player's attacking discs are in play they may instead attempt to
- score a point

Scoring

Before attempting to score: place the the disc closest to the opponent's polethat the taller side of the ramp is against ramp between the 2 attacking discs so
